## Newway Churches

Methodist

Easter Sunday was observed at the Methodist Church. A big crowd was in the pews before a white Easter morning service. The Easter-day decorations were displayed on and about the rostrum. The pipe organ was especially papalpal in its presentation of the songs of joy that symbolize of Resurrection, triumph and peace. Around the walls and beside each window was a spray of evergreen adorned with white ferns, tulips, roses, and various other fragrant creations were placed in abundance before the pulpit. It was one riotous different species of the flower and plant kingdom. The decorations were arranged by William Hamlin and his sister, Miss Easton. The Agnes Morton orchestra played at the pipe organ, rendering a fifteen minute Easter prelude. The choir ensemble was at its best in delivering "The Easter Song." The choir's reconstruction resume of the Scriptural history and its account of "Sleeping Soldiers" and a "bursting tomb."

The drama, "An Old Fashioned Mother-in-Law," directed by Rev. W. M. Lyon will be presented next Wednesday evening, April 16th, at the Norway Grange Hall. Full particulars have been printed in previous issues of the Advertiser.

Universalist

Morning worship at 9 o'clock. Rev. Conrad B. Rheiner, the minister, will preach on the subject, "Berkeley Square". The sermon will concern itself with the play by the same name written by John L. Balderston and based upon Henry James' unfinished story, "The Sense of the Past". There will be special musical numbers.

The Senior Y. P. C. U. will convene a devotional meeting at 6:00 p. m., Ann H. Thayer will give the address.

There will be no evening service on Sunday. The next illustrated lecture will be given on Sunday, April 26, at which time the play, "The Boy," the subject "The Symphony Orchestra".

The Junior Y. P. C. U. will meet on Wednesday afternoon at 4:00 p. m. There will be no meeting of the Ladies Circle this week.

As the dramatic feature to follow this public supper given by the men of the church on Wednesday, April 26, a great deal of interest has been manifested. Rev. Conrad B. Rheiner, will present "The Fameseekers", a two act satirical comedy drama. From the moment the curtain rises the audience will be kept on the dull moment. The laughs come suddenly and continue until the end. The play is concerned with amateur theatricals and the players who will work their way through and to stay behind the scenes of the performance. The players who will enact the various roles are as follows:

Mr. Frederick Ritter	.....	Kerford Ward
Mr. J. Duro Papamelli	.....	Marian Dowd
Mr. Huxley Hoffmeister	.....	Paul Brown
Mr. Eugene McCricket	.....	Anna Rheiner
Mrs. Clara Sheppard	.....	Geraldine Paragana
Mrs. Margaret Crook	.....	Bernard Holman

The family group, consisting of several members of the congregation, will entertain with nearly one hundred people. Supper was served at 8:30. This evening was passed socially and with much interest. The social workers were Mrs. F. L. Heath, Mrs. S. B. Cunningham, George Dunn, Miss Helen Swann, Miss Della Noyes and Miss Carrie Tuck. These social evenings have proved very popular.

There will be another gathering at the church, Wednesday evening, April 15, at which time the play, "The Boy," will be served at 8:30, followed by a social evening.

Congregational

Sunday school meets at 10 a. m. Morning service, 11 a. m. Music by vestry choir. Mr. Groezinger will preach the topic, "The Uncommon Days." The pastor, C. C. Bechtel, will lead. Wilfred Conary, Jr., and Rosina Sharpe will sing. The women's reading circle met with Mrs. Eugene N. Street, on Friday. All are invited to attend. The church parish are welcome. An interesting program on Present Day Problems in Religion will be given. Those who would bring their own contributions may do so. Meeting for the Pleasant Hill Sanatorium.

The parish get-together will be held on Tuesday, April 21. The supper will be served at 7:30. The speakers will be Moore as chairman. The program is in charge of Miss Ada P. Reed.

## MICKY WELCH LANDS BASS AND BIG SNAKE

Minneap. ("Micky" Welch, writing from Atlanta, Ga.) is having a regular fight with big fish and Water Meccasins, and sends two snap shots, one is a scene at the Krone Canal, the other a close up of a Coon and a large water snake. Two inches long and nine and three fourths inches around the waist band. We let Mickey tell you his story following.

"I just came back from a trip in the Everglades and had a wonderful trip as Capt. Barker says there are plenty of bass.

"I went over the Tamiami Trail twenty-two miles by car and then put my boat and started the little Fold for Kicker and up the Krone Canal for about ten miles. I saw a large water snake for eighteen miles. There the water from the west coast came in very swift and the minnows were thick and the bass were fat.

"I used a Wobbler plug and a Wild Bug and landed 128 bass in one day weighing over three pounds a piece. I also caught a few small ones.

"I am going ashore in two weeks.

"I shot a cotton mouth meccasin, a feet, two inches long and nine and three fourths inches around the waist band. Some snakes and more poisonous than rattlers.

"Weather has been cold down here, but very nice and warm now. An gold frog has been found here this winter, but salt and fresh water.

"Will start home about the last of May."

Payson Luce, son of Mr. and Mrs. T. L. Luce, celebrated his fifth birthday recently and entertained his relatives and also his great grandmother, Mrs. Elizabeth Hayes, of Oxford.

KEZAR FALLS

Easter Services—Warren-Kittredge Mar-  
riage—George Granville Dead—Kiwan-  
ians Entertained.  
The early service, Easter morning, was  
held in the M. E. Church and called thirty-  
five worshippers. Mrs. Arthur Carl-  
son, pastor, and a vocal solo by Mrs. Walter  
Hartman. For the usual morning serv-  
ice, Mr. Callaghan selected two verses  
from the 24th chapter of St. John. "And  
when he said, he showed unto them his  
hands, and his side, then were the dis-  
ciples glad when they saw the Lord. Then  
said Jesus to them, again, peace be unto  
you, as my Father hath sent me, even  
so I send you." The choir sang the an-  
them, "He is Risen," and the male quartet  
sang, "Christ Arose." Mrs. Chumney  
during sang "Open the Gates." Mr.  
Callaghan always has good sermons, but  
his hearers thought he spoke ex-  
ceptionally fine. No doubt the subject  
he was going to do with that impression.  
The women, as well as the men, were  
happy to a higher level and risen to  
brighter days than ever before.  
Mrs. Kittredge, a graduate of Port-  
land School, and John E. Warren of  
Beverly Harbor were united in mar-  
riage at the afternoon of March 31st,  
by Rev. Arthur Callaghan, at the home

of the bride's uncle and aunt, Mr. and  
Mrs. Arthur Davis. It was a sad wed-  
ding, the bride's grandmother, with whom  
she had lived for years, having passed  
away after a brief illness, March 23rd,  
and her acting in accordance with  
her wishes if she could have spoken. Mr.  
and Mrs. John Warren left for their  
home at Boothbay Harbor the evening of  
the day of their marriage, and the love  
of many friends went with them.  
Since Mrs. Bachelder's passing, the  
two girls, Rita and Margaret, have been  
the light of Mr. Bachelder's home, on  
their brief week end fittings, from the  
Nassau Institute, Springvale.  
Mrs. Alvin Stanley, who has been with  
friends in Portland, has returned home.  
George Granville, a lifelong resident of  
this town, died suddenly from shock at  
his boarding place. Services were held  
April 4th at 2 p. m., by Rev. Arthur Cal-  
laghan, at his brother's home. When  
protection of the birds must have been  
his hobby, for it used to be known as the  
birds' paradise.  
On the evening of March 30th, the M.  
Kiwanis school hall opened its doors to the  
Kiwanians and their friends, who found  
entertainment galore within their welcom-  
ing precincts. They were really enticed  
by the promise that the Marching Club  
would do their catering and that they

would find it well worthwhile to have a  
seeing, hearing and speaking acquaint-  
ance with a man of action, who taking  
the part of the poor and needy, swung  
open the doors of a church and people's  
hearts, to such a degree that the church  
of the living God became a veritable ref-  
uge to the needy, furnished with warmth  
and comfort for soul and body, in a sea-  
son of great stress and trouble. Hoping  
we are fully introduced to Rev. A. Pov-  
ell of Portland, we are now awaiting his  
pleasure as speaker of the evening, the  
while he impersonates characters from  
some of our favorite authors, from  
Charles Dickens.  
EAST SWEDEN  
Clarence Clark, who has been cutting  
wood for Ray Kneeland, has finished his  
work here and started for his home in  
Westbrook. He has a small farm and  
plans to run a truck gardening business  
the coming summer.  
George Porter, whom we reported as  
running the D. T. Adams sap orchard, re-  
ports a poor sap season so far, says he  
thinks he did not tap early enough; but  
the snow was so deep it would have been  
hard to break through.  
Our road commissioner, Ray H. Kne-  
eland, with Ilan Smart helping, has been  
working on the town roads some of late  
dragging hills and where the frost is

out enough, also looking after water  
courses and repairing bad places in gen-  
eral.  
Mr. and Mrs. Ray Kneeland were in  
Bridgton, April 5. They went by auto  
and report traveling with car is rather  
slow and very hard work to get through  
the mud.  
DENMARK  
The C. E. Cobb family, also the LeGoff  
family, returned from Florida, last week.  
Little Wallace Tron is very ill with  
whooping cough and complications.  
George LeGoff has a new Chevrolet  
roadster.  
Hazel Wentworth, who teaches in Ber-  
lin, N. H., is spending the Easter vaca-  
tion at the home of her parents, Mr. and  
Mrs. Marshall Wentworth.  
Mr. and Mrs. Robert Day, Eleanor  
Day and Warren Higgins spent Sunday  
in Portland.  
Mrs. Winfield Pendexter, is in poor  
health.  
Mr. Leon Jack and son, Chester, are  
spending the Easter recess at her moth-  
er's, Mrs. Dudley Perkins'.  
Mr. and Mrs. Elwood Pendexter spent  
Monday in Portland.  
A wealth of imagination is a fine  
thing. The only drawback is that it  
won't pay your bills.  
BRIDGTON-SANDY CREEK  
Lyman Otis of the University of New  
Hampshire is spending his vacation with  
his parents, Mr. and Mrs. Edmund Otis,  
South High street road.  
Mrs. Gertrude Libby spent one afternoon  
recently, at the Allen home.  
U. S. Hartford has recovered from his  
recent illness and is out calling on his  
neighbors after being confined to the  
house all winter.  
Mrs. Eva Libby is at work for Mr.  
Mead on the Highlands.  
Lincoln Burrell and Benj. Libby have  
finished cutting timber for Allie Pen-  
dexter.  
Mrs. Herman Rolfe of the village  
worked for J. W. Durfee one day recent-  
ly, cleaning his store.  
Miss Florence Durfee has been spend-  
ing a few days with her brother, J. W.  
Durfee.  
Merton Bryant of Standish spent Sat-  
urday night, March 25, with his sister  
and husband, Mr. and Mrs. Clarence Lib-  
by, on his way to Sweden, where he has  
work.  
J. Arnold Merrill, our schoolmaster, has  
hired the Curtis place, so called, and will  
move there soon.  
Mrs. Eva Libby and Mr. Long were  
at Mrs. Libby's parents, Mr. and Mrs.  
Emory Burrell's, Sunday, March 29.

Harry Shaw is at his son, Curtis', in  
Naples for a while.  
Burton Shaw of Harrison visited his  
sisters, Mrs. Myrtle York and Mrs. Mus-  
sie Ross, recently.  
Mrs. Robert Durfee and son, Gordon,  
spent the evening, recently, with her par-  
ents, Mr. and Mrs. Dana Allen. Mrs.  
Sadie Ward also called at the Allen home,  
recently.  
Treatment of flower seeds with mercuric  
chloride in a 1-1000 solution will destroy  
many seedborne parasites and so help to  
prevent the common diseases of garden  
flowers, says the U. S. Department of  
Agriculture. Most flower seeds will stand  
soaking in this solution for one-half hour  
without injury. Shake or stir the solu-  
tion containing the seeds frequently to  
keep air bubbles from preventing contact  
between the solution and the seeds. Rinse  
the seeds in clean water after treatment.  
Use only wooden glass or earthenware  
vessels for the mercuric chloride solution.  
The seed should be planted immediately  
after the treatment or it may begin to  
swell. If prompt planting is not possi-  
ble, the seed should be spread out thin  
at once and dried thoroughly.

# MAINE

Miss Irene Ames spent a few days last week with her friends, Alice and Evelyn Knight.

School opened Monday after one week vacation.

The last School League meeting was well attended and a fine program presented by the children. Refreshments of sandwiches and cocoa were served.

Mrs. Harry Stevens is caring for little Stanley Barrett while his mother is working at Gilead.

Mr. and Mrs. Herman Cole, Everett, Mrs. George Abbott, Alice Knight, Edward McMillon and several members of the Cushman family attended Grange at Gilead.

...heard on the street: "Well...  
...the town clock will have to...  
...be a little more snow on the...  
...ground. It served as a target all...  
...the time for some of the boys, and some...  
...of the girls, too, who delighted to...  
...throw things they could throw to the...  
...harm of a certain number. Should...  
...the clock be quite an expensive target...  
...for the fathers and should not be at-  
...tacked."

...A temporary paper dealing in all...  
...the news, says: "A daughter was born March 12...  
...to Mr. and Mrs. Henry Spiller, at the...  
...small town meeting, Monday, the...  
...12th, and they were to be res-  
...tored to the world as a new tractor...  
...What? What? And how so? We...  
...want all the news when it is new and...  
...and it is so and hope our foreman won't...  
...mind it."

...Charles W. Cooper of Buckfield was in...  
...Tues. He was in his car by...  
...of the Hill and said his was about...  
...to be over the road and several...  
...places he had to shovel out the snow to...  
...get through. Mr. Cooper has been mak-  
...ing much work this spring, but not near...  
...as much as usual as the sap did not run...  
...well. He had only about a third of last...  
...year's amount. He sold nine gallons at...  
...one and one-half and could have sold more if he...  
...had it.

...A letter written in long hand on Ar-

...summer?

...We have a very interesting article en-  
...titled "Mostly About Florida," written...  
...by Edgar O. Spaulding of Harrison and...  
...Fitch, which will soon appear in the...  
...Advertiser. Mr. Spaulding spent his...  
...summers in Harrison, where he operates a...  
...photographer's shop and as Fall ap-  
...proaches, he, with his wife and daughter...  
...start south for the winter. We have...  
...printed several articles regarding camp...  
...life and accounts of Mr. Spaulding's...  
...trips north and south, which were ex-  
...tremely interesting and you will find this...  
...article equally as interesting and in-  
...structive. Watch for it.

...A man was heard to remark recently...  
...comparing the Advertiser with another...  
...weekly paper and said, "I don't read...  
...the ads in that paper—they have been...  
...the same ones for twenty years, but the...  
...Advertiser is not so—these change...  
...and you have to read it each week." That...  
...is true, the ads in the Advertiser do...  
...change regularly. Many of the adver-  
...tisees change each week while others...  
...change every other week or nearly so. By...  
...so doing, you have the best and latest...  
...in advertising news and the merchant...  
...greater drawing power from his ad-  
...vertiser.

...Mrs. Mary J. Bennett, Maple street, pre-  
...sented a bundle of old newspapers to...  
...our antique department. Copies of num-  
...erous state publications dated many years...  
...ago were preserved because of some out-  
...standing event that appealed to Mrs. Ben-  
...nett. The special centennial supplement...  
...of the Oxford County Advertiser pub-  
...lished Sept. 1886, is represented in the...  
...lot. This carries eight pages of histori-  
...cal and biographical matter, being a val-  
...uable chronicle of events in Norway dur-  
...ing a century of growth. A bunch of...  
...Farmers' almanacs, the oldest dated 1839,  
...yields treasures for the antiquarian.

...Don Setz writes: "Things are pick-  
...ing up a bit, I think, and will continue...  
...to do so unless something happens. There...  
...is plenty of money, but nothing extra, for...  
...it to do—which is what's the matter."  
..."I see the salmon are expected in...  
...Bangor pool and they are trying to...  
...drive them back into all the rivers. A...  
...noble undertaking, which I hope will...  
...succeed."  
..."The Churchman has wintered well...  
...When do you start the lakes? Ice...  
...still unmoved, I presume."  
..."Navigation to Albany opened last...  
...week on the Hudson."

## MANY QUESTIONS—SOME NEWS

...Has Fred started on the fishing trip...  
...yet, and did Don Setz come to Norway...  
...this week? He is due to lecture this af-  
...ternoon at a woman's club in Medford or...  
...Malden. Saw his name mentioned in the...  
...story of the sale of the World, published...  
...in the Editor and Publisher of March 7,  
...and also a poem dedicated to the late...  
...great Joseph Pulitzer by Mildred Setz.  
...Did I send a Lynn paper carrying the...  
...story of Mrs. Brown being bitten on the...  
...right leg by a muskrat while she and an-  
...other woman were on their way home...  
...from a theatre? Well, if I didn't, I'll...  
...say she got quite a bite—about two...  
...inches long, and into the bone. The rat...  
...jumped at her as he was crowded up...  
...against a wall, both women thinking the...  
...animal was a large cat until after the...  
...job was done. She had hospital treat-  
...ment, and a doctor is still doing his bit...  
...on the wound, but she is coming along...  
...o.k.  
..."We're going to have a big game on the...  
...night of May 22."  
..."I'm to do a lot of broadcasting and am...  
...to speak before the Lynn Chamber of...  
...Commerce, Kiwanis, Rotary and Lions...  
...Clubs to tell just what Lynn Press Club...  
...is, and what it does for its fellow bor-  
...ers."  
..."O. W. Brown."

Phyllis McAllister has brought in a...  
...cloth hand bag, peach color and blue,  
...which she found on Paris street.

Complaints continue to be sent in call-  
...ing attention to boys destroying prop-  
...erty while on their way to and from school.  
...With the late snows, snow balling has...  
...caused a lot of trouble and from school...  
...have trouble by trampling the early flow-  
...ers. Boys should be boys, but not...  
...mischievous or destructive.

Paul A. F. Walter, vice president of...  
...the First National Bank of Santa Fe, N. M.,  
...who for many years has been an edit-  
...or on Metropolitan papers, says:

"In my conception of Heaven I...  
...always include a small town weekly...  
...which is free to criticize God and the...  
...Devil and his angels, and which...  
...makes enough to give its owner and...  
...editor a decent living."

Now, Brother Walter, you have said...  
...something! That is just what this paper...  
...has done for almost a half century. Yet...  
...all the way along we have had and still...  
...have trouble with some of our "first...  
...citizens." It wouldn't be a newspaper...  
...unless we did have it. See?

### Big Salmon A-Jumping

Moose River opens May 1. Ice out...  
...now and fish are waiting.  
...Geese are now honking overhead, on...  
...their way North. The trout and salmon...  
...are beginning to jump in the river. High...  
...time, isn't it, for you to make your...  
...plans, along with the hundreds of other...  
...fishermen who visit Maine each year, to...  
...come here. Come early; heavy blankets...  
...on the beds and plenty of wood. Mr. and...  
...Mrs. Maynard invite you. Come."  
...Yes, we will be there, but not until...

...a vacation.

Mrs. Elizabeth Hayes of Oxford is...  
...spending the week in Norway, the guest...  
...of her daughters, Mrs. Annie Faver and...  
...Mrs. Florence Bradbury. Mrs. Hayes...  
...celebrated her 83rd birthday, Monday...  
...and Mrs. Bradbury kept open house for...  
...her from 4 to 6 o'clock, and many friends...  
...called to offer congratulations. This was...  
...a surprise party of the day, as Mrs. Brad-  
...bury had invited her to see the family for...  
...the afternoon. Mrs. Bradbury served...  
...tea and light refreshments.

The next meeting of the Tigridia Past...

## BUCKFIELD—NORTH END

Roads are hard this way, with lots of...  
...mud, and a lot of snow to go beside of...  
...them, looks as though they would be mud-  
...dy for a time yet.

School began here Wednesday, April...  
...1st. Miss Nelson of New Hampshire...  
...was unable to come, so Miss Leavitt of...  
...Hebron is taking her place.

Miss Mary Farrar has been visiting her...  
...niece, Mrs. Grover Keene, and other...  
...old friends, for the past two weeks.

The Merry-makers met at Mrs. Charles...  
...Tucker's, last Thursday, where they had...  
...an enjoyable time and also did a good...  
...lot of work. They will meet with Mrs...  
...Will and Mrs. Raymond Tucker for the...  
...next meeting, April 16.

Ervin DeCosta, who has been at Pol-  
...and Springs for the past few years, has...

**MEMBERS AND PATRONS OF THE NORWAY COUNTRY CLUB**

I just want to take this opportunity to tell you that I have taken especial pains with the golf equipment I have bought for my members. I would like you to come to my shop and look around. I am proud of my shop and I want you as a member of the club to be proud of it also. Not only that, but I would like you to REALIZE THAT NO MATTER WHAT YOUR GOLFING NEED, I have in my shop exactly the right article.

Remember, too, that I can help you to select the proper clubs because I probably know more about your golf games than anyone else you could go to.

## Saco Valley United Parish

Ministering to Lovell and No. 4; Fryeburg Harbor; North, West and Center; Fryeburg; Stow, Union Hill and Toll Bridge.

Red heads have been responsible for the disturbance of the parish program during the past few weeks.

Special Easter services were held on Sunday at the Lovell and Fryeburg Harbors, with good congregations at both places.

Mr. Cross preached at Lovell and Fryeburg Harbors, under the auspices of Miss Mixer, tramped to the harbor on Saturday, and were the guests of the Harbor Club.

Business session and games followed the early departure of Mrs. May. Mrs. Fairbanks agreed to become the hostess of the Y. S. Club and will be in the office at the next meeting.

Business was made to the Lovell Church for the pastor services and it is expected that the church building will be used for the services.

The Ladies Men's Club will hold their meeting on Friday and have invited the ladies to share the evening with them.

A circle supper will be held at the home of Mrs. May on Saturday, and will be the guest-speaker, Rev. C. V. Cross will be the guest-speaker, and promises to make use of an interesting question.

There will be a meeting of the Harbor Club after the supper on Friday evening. The report of the Trustees and a discussion on the question of the parish will be discussed.

Mr. Cross will preach at the Harbor and St. Mary's in the morning and Mr. May will hold services at the Harbor and Lovell.

## Maine's Population

Census Shows Tide Coming In

The census of 1930 shows some encouraging figures for the State of Maine. While the gain in population was not large, it was large enough to show that the tide is coming this way. While the tide is coming this way, the tide is coming this way.

Portland, the metropolis, made a relatively poor showing, but its nearest suburb of South Portland led all other cities in the state. Portland, South Portland, Westbrook, Scarborough, Cape Elizabeth, Falmouth and Gorham, which might be said to comprise the Portland Metropolitan District, together, made nearly as large a gain as in the census of 1920.

Had it not been for the heavy decrease in population at Bath and the far eastern counties, the total gain for the state would have been very much larger. Madawaska, Oxford, Penobscot and Somerset counties made much larger gains than in 1920. Knox County, which showed a large decrease in 1920, made a substantial gain in 1930.

Aroostook county made its usual steady growth and now has four towns of over 5,000 people. Caribou is the largest, followed by Presque Isle, Houlton and Fort Kent. Fort Kent and Van Buren each have over 4,500 inhabitants. Madawaska, with its paper mills will undoubtedly join the large towns of Northern Maine.

Oxford county made a fine showing with many of the smaller towns for the first time in years, showing an increase in population. Woodstock for the first time since 1890, shows an increase. Rumford has gone into the 10,000 class, leaving only ten cities and towns in Maine with a larger population.

With its vast area as large as the other five New England states and rich in natural resources, Maine could easily support a population of several million and not be overcrowded.

No one can tell with any degree of certainty what changes the future may bring. It is evident, however, that the development of Maine is only just beginning and that the years to come are likely to bring greater developments than have been made in the past. Portland, with its splendid harbor and the natural trade and distributing center for more than half the area of New England would seem destined to develop into one of the great cities of the Atlantic seaboard.

Bangor and Lewiston may reach the 100,000 class in the years to come. Like California at the other corner of the nation, Maine is looking forward to great developments and a large increase in population, but like California it wants only the best kind of citizens. It wants only those people to come who will live and work and all the good things she has to offer.

She wants only those citizens who will boost as hard for the Sunrise state of the East as the new citizens of California boost for the Golden State of the West.

## FIRST U. S. EXPERIMENTAL FOREST ESTABLISHED IN WHITE MOUNTAINS

Establishment of the Gale River Experimental Forest, a few miles west of Mt. Washington, the highest peak in New England, has been announced by R. Y. Stuart, Chief Forester of the United States Department of Agriculture. This forest tract is within the White Mountain National Forest in New Hampshire and is the first experimental forest to be officially established under the new regulation, by which the Forest Service is to designate primitive, natural and experimental areas representative of the various forest regions of the United States.

Forest includes approximately 1200 acres. The area lies between two state automobile highways, making the tract readily accessible for research. Although it is only now being formally set aside for research work, investigations have been under way on this Experimental Forest since July, 1927. The Northeastern Forest Experiment Station of the United States Forest Service with headquarters at Amherst, Mass., plans to develop this area very rapidly within the next few years, placing within it much of its permanent sample plot work.

The forest is located in the spruce-hardwood belt, and is conveniently located for study of the pulpwood forest problems of New England.

Bethel—Evaner B. Whitman to Eleanor K. Lovejoy of Bethel. Parcel with buildings in West Bethel village on north side of road leading to Gilead, formerly known as the Pike stone property, remodeled and improved by grantor. Bounded by parcel of Nahum M. Scribner and land of the Canadian National Railway.

Dixfield—Lula A. Harold G. and Lawrence E. Chase of Dixfield to State of Maine. Three parcels in Dixfield on the road leading to Wilton, beginning at the intersection of the line between lands of M. L. Holman and Chase, also with the line intersections of Chas. S. Darrell and Thomas Gordon. Consideration \$500.

Grafton—Lilla E. Coleman of Grafton to State of Maine. About 0.57 acres land, being a four-rod strip through grantor's property for the construction of a state highway.

Greenwood—William F. Yates, Greenwood to State of Maine. About 0.78 acre through grantor's property on their line highway leading from Greenwood village to West Paris. Consideration \$50.00.

Hebron—A. W. Walker & Son, South Paris, to August Cummings, Erkki Cummings and Matti Kummilainen, all of Hebron. Parcel in Hebron, bounded in part by land owned by heirs of Ezra Marshall; the road leading from Hebron to Paris, over Number Four Hill; the Bumpus land owned by the grantor and parcel of the Mason Mfg. Co.

Norway—Lillian E. Hill, Norway, to Charles S. and Mabel A. Thurlow of Paris. Homestead farm of the late Roscoe C. Hill, in four parcels, along road leading from Harrison to Norway. Partly in Norway and Otisfield.

Norway—Florence M. Bradbury of Norway to C. M. Clifford, Boston. Parcel on northwestern side of Main street, Norway, between grantor's residence and buildings of James N. Tutts, occupied by the Norway Food Shoppe and Norway Barber Shop. Right is given to cross other land with stream pipes to connect building to be erected with the Cummings heating line. Permission is granted to cross land to reach the back side of the building, provided the grantee shall build a cement walk and keep the place free from unsightly matter.

Norway—C. M. Clifford, Boston, to W. J. Hendley Co. of Pittsburgh, Mass. The foregoing lot bought of Florence M. Bradbury, subject to a lease to the J. J. Newberry Co. of New York City.

Mexico—Rose and Bertha White of Mexico to George Heffron of Peru. Parcel on north side of highway leading from Dixfield to Biddeford, opposite the new Mexico-Peru bridge.

Oxford—Lila M. Abbott, Rumford, to Bertha C. Pratt of New Gloucester. Parcel in Oxford adjoining the Porter School place on the westerly side of the Webster road, near junction of the Pottle road. Subject to reservations in a deed of Luther E. Emerson to Sadie L. Sawyer, dated May 28, 1896. Also subject to what ever rights, if any, Woodbury Stanton and Albert Whitman may have in a certain mud bed on the premises conveyed.

Paris—Albert B. Jenkins, Baileyville, Me., Orin M. Jenkins, Providence, R. I., and Clara I. Pinkham, Lincoln, Me., to Jessie Scott of Paris. A parcel on the southerly side of Lincoln street, Paris Hill. Bounded on east by the lot of late J. C. Marble and south by the "stump field" and west by parcel of William G. Hammond. Same was conveyed to Andrew A. Jenkins by Leslie E. Newell in 1911. Also one other parcel lying southerly of the property, being the same conveyed by E. Burton Curtis to Andrew A. Jenkins in 1917. Consideration \$1500.

Paris—Chas. C. Foss of Paris, Mabel A. Andrews of Scarborough, and William M. Beare of Hebron, to Fannie E. Durgin. Parcel on north side of the highway leading from South Paris village to Norway.

Rumford—Vincent Perry, Mexico, to Arthur Gauthier, Rumford. One-half interest common and undivided, in the westerly half of Lot No. 815, fronting on the southerly side of Oxford Avenue. Same lot is described in a deed from Mannel J. Gaudet to Joseph Dorion in 1924.

Waterford—W. H. Brown to Willis Littlefield, both of Waterford. Parcel on westerly side of the road leading from North Waterford to East Stoneham, and being the northeastern corner of land bought of Charles and Nelson Fox. Crooked River to a bridge is one boundary. Consideration \$750.00.

NATION'S TYPICAL BOY AND DOG SOUGHT

\$250 Prize and Fame Offered Chosen Pair by Kennel Foundation

Wanted—America's typical boy and dog! The Kennel Foundation, Beckford, Illinois, in its search for the nation's typical youngster and canine pet, has appealed to the Advertiser for aid in finding them if they are to be located in this section.

Two hundred and fifty dollars in cash and immortality by having their likenesses reproduced in oils on canvas by a famous artist await the chosen pair, which the Foundation is anxious to preserve for the inspiration of future generations as a symbol of the high type of companionship represented by the boy-dog combination of our own day. The winning team will also be presented to many notables, will probably be starred on the radio and in the movies, and in general enjoy the plaudits of an admiring multitude.

Selection of the winning pair is to be left in the hands of a jury of prominent men and women, which is now being completed. The choice is to be made from nominations which the public is invited to submit to the Foundation prior to Sept. 15, 1931. Photographs of the contestants must be submitted with the nominations, but a final decision will not be made by the judges until they have seen and investigated the leading candidates.

To be eligible for nomination to the boy-and-dog contest, a youngster must not be under four or over fourteen years of age. The dog must be his own or that of a member of his immediate family. The age, size, color or breed of the dog are of secondary importance.

In inaugurating the boy-dog search, I. J. Broome, director of the Foundation, stated: "Character building in the young is one of the great problems of the times. The Foundation is convinced that a dog makes a boy a better man and is encouraging every home with a boy to keep a pure-bred dog. A recent study of a large penal institution revealed the fact that less than one per cent. of its inmates had a pet to play with in their formative years. Through the boy-dog contest, the Foundation hopes to catch the spirit of this comradeship and perpetuate it in some tangible form for this and future generations."

MASSACHUSETTS MAN KILLS 70 RATS IN ONE NIGHT

K-R-O (Kills Rats Only) writes Mr. Mansfield, Mass., brought this remarkable result.

K-R-O is the original exterminator made from oven-dried quail, the ingredient recommended by the U. S. Department of Agriculture as sure death to rats and mice, but not deadly to dogs, cats, poultry or even baby chicks. You can depend on K-R-O, and therefore it has become America's leading rat exterminator in just a few years sold by all druggists, a poultry supply, seed houses, on a money-back guarantee.

The Spreader

with the Beater on the Axle

THE JOHN DEERE SPREADER is the only one combining these advantages:

1. High Drive Wheels, combined with a low box—easier on both horses and the man.

2. A Spreader that can be properly loaded—flat on top—either from the sides or from the back.

3. A Beater that is near the ground—winds do not cause drifting of the manure.

4. An Extremely Simple Spreader—no clutches, no chains, only about half the parts required on old style spreaders.

5. The Main Working Parts are mounted on the rear axle where they can't get out of alignment—no counter-shafts.

6. Costs no more than inferior Spreaders.
